An Entity may provide the Entity's FEIN/EIN for capturing in RTS in lieu of an individual ID. However, the identification requirements of the individual submitting the transaction on behalf of the entity have not changed. An employee or authorized agent must still provide acceptable identification as outlined in RTB #013-14. Refer to RTB #17-14 for FEIN/EIN details.

For registration and titling purposes an ID will be accepted up to 12 months after expiration.

Visual inspection of identification to verify owner information is required; copying is not necessary under normal circumstances.

\*A person signing for a business or lessor must also provide a business card or written authorization on company letterhead.

\*\*If the title service is submitting paperwork on behalf of a Texas dealership, the ID of the title applicant has to only be recorded on the 130U and does not have to be submitted.

Power of Attorney (POA): When a POA is used, the ID of both the Grantor and the Attorney-In-Fact must be presented (except dealer transactions). The Grantor's ID is recorded on the 130U. If a company is granting the POA, an authorization letter or pre-printed business card must be presented for company signor of the POA along with the POA.
